

HOW TO ADD IMAGES AND MEDIA TO WORDPRESS

Celene Harrelson
TheHappypreneur.com

WHAT WE WILL COVER TODAY...

- Plugins to make adding media easier
- How to add images
- Free image sites
- How to create and add PDF's
- How to add video
- How to add audio

PLUGINS

- TinyMCE Advanced – or – Ultimate TinyMCE
- Audio Player

ADDING IMAGES

- Use your own personal images
- Paid image sites
- Free image site:
 - Stock.xchng
 - Freedigitalphotos.net
 - Morguefile.com
 - Commons.wikipedia.org
- Be sure to give credit when asked or it could come back to bite you!

CREATING PDF'S

- Use Word or OpenOffice.org
- Save in media file
- This will create link that you can distribute in email, etc.

VIDEO

- Can be added via plug
- Link from You Tube

AUDIO

- From Plugin
- Direct mp3 link

IN CONCLUSION

- It's not hard to add media to your WordPress Blog if you know these few simple things.
